PROGRAMMING SKILLS

Intermediate Python (including pandas, sklearn, numpy, scipy) and Wolfram Mathematica. I have also used FORTRAN, MATLAB and C^{++}. I am open to learn and use other tools.

TEACHING EXPERIENCE

I was a Teaching Assistant at FCFM, Universidad de Chile, from 2008 to 2011, for both Introduction to Newtonian Physics (1^{st} year) and Introduction to Nuclear Physics (4^{th} year). This involved preparing a range of problems and solving them with students, plus invigilating and grading tests.
